Summary

I am Computer Science Engineering (AI ML) student with a strong foundation in programming and web technologies, including Python, C, HTML, CSS, and basic JavaScript. Possess basic UI/UX design experience using Canva and CapCut, along with proficiency in MS Excel and an understanding of creating user-friendly and visually appealing designs. Consistently practicing Data Structures to improve problem-solving skills and accuracy, with a strong willingness to learn emerging technologies and apply technical knowledge to real-world problems. Seeking opportunities to enhance technical expertise, contribute to innovative solutions, and grow as a software professional.

Technical Skills

Languages	:	python, c
Concepts	:	Data structures using python, OOPs in python
Database	:	SQL
Tools	:	canva, capcut, ms excel
frontend tech	:	HTML, CSS, Java script(basic)
Dev Tools	:	Visual Studio Code, Git, Github, jupytor notebook
languages known	:	**Telugu** (Native or bilingual proficiency), **English** (professional proficiency)

Education

Raghu engineering College — visakhapatnam, A.P, India
CSE with AI and ML ***CGPA - 8.5*** — ***batch*** *2023 – 2027*

NRI Junior College — visakhapatnam, A.P, India
M.P.C ***Score - 922*** — ***batch*** *2021 – 2023*

Sri Sivananda High School — visakhapatnam, A.P, Idia
SSC ***Score - 600*** — ***batch*** *2021*

Projects

PROJECT-1

CARTOPIA - (E-Commerce website) *HTML,CSS,java script,PHP,My SQL,Github*

- CARTOPIA is a full stack E commerce platform. It allows user to browse products, search products and add products to a cart, place orders, and track order status. Implemented secure user authentication, admin product management, order management, and a responsive user interface.

PROJECT-2

Personal portfolio *HTML,CSS,java script*

- Designed sections to showcase skills, projects, education, and contact information. Implemented a clean and user-friendly interface with responsive layouts. Gained practical experience in frontend development, web design, and JavaScript.

Certifications

- Certified Hands on Programming in python by **skill rack**
- Certified OOPs concepts in python by **Code Chef**
- Certified SQL by the **Code Chef**
